

## Thermocouple Ribbon surface sensor with handle

### Models 11-00215 and 11-00216, in stock

#### Design

Thermocouple ribbon surface probe. Handle of PA/ABS plastic.

#### Sensor

Thermocouple type K  
Measuring junction exposed.

#### Example of use

Temperature measurements on flat surfaces or tubes. The unique tip design make this sensor one of the very best among surface probes.

#### Signal connection

Silicon-insulated cable with miniature male connector.

#### Maximum temperature

Probe: See table below.

#### Dimensions and part numbers

Part number	Max temp	L1 (mm)
11-00215	500 °C	114
11-00216	800 °C	214
