

Pt100/RTD connector M12 4-pin

Construction

Connector for instrumentation and Pt100/RTD circuits up to 4 wires.

Example of use

Mounting on cable.

Max. temp.

90 °C

Min. temp.

-25 °C

Material

Glass filled thermoplastic body with 4 gold plated brass contacts.

Construction of pin assignment ensure proper connection.

M12 Self locking threaded joint, nickel plated brass.

Terminals for soldering.

Wire size

Accepts wires up to: 0,75 mm²

Cable diameter: 4-6 mm

Cable gland: PG7

Color

Black

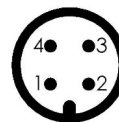

IP rate

IP-67 Protection degree, only in locked position with it's proper-counterparts.

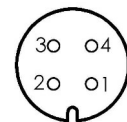

Standard

According to IEC 61076-2-101

Connection male contact

Connection female contact

Part number	Contact
23-00690	Male contact
23-00691	Female contact
