

## Accessories Compression fitting 1/4" NPT

### Model 9046000

#### Design

Compression fitting in stainless steel EN 1.4404  
Connection thread 1/4" NPT

#### Example of use

Positioning / sealing of temperature sensors

#### Hex size body:

17 mm

#### Hex size cap:

13mm, probe diameter 3 - 4.8 mm  
17mm, probe diameter 6 mm

#### Specifications

Ferrule, material EN 1.4404  
Max. temp. 600°C, leak proof

Adjustable ferrule, material PTFE

Max. temp. 200°C, leak proof at low pressures

Reusable and adjustable ferrule, material EN 1.4404

Max. temp. 600°C, for positioning only, not leak proof
